

DOUGLAS EDUCATION CENTER ANNUAL SECURITY REPORT AND CAMPUS SECURITY POLICY

Douglas Education Center is committed to providing a safe environment for students to learn and staff to work.

The following campus security policies and procedures are applicable at Douglas Education Center.

SECURITY POLICY

Campus Security Authority

Douglas Education Center does not have a campus police or security department.

While any official who has significant responsibility for student and campus activities is a campus security authority, Douglas Education Center specifically identifies Senior Financial Aid Coordinator & Title IX Coordinator, Michael Crosby, as its Primary Campus Security Authority. All Authorized Officials as well as Executive Staff are considered Secondary Campus Security Authorities. Campus security authorities do not have the power to arrest individuals. However, Douglas Education Center will contact local police authorities to report criminal activity.

Students and staff should report all incidents of criminal offenses and security concerns to the Campus Security Authority. The Campus Security Authority will determine if a timely warning should be issued to students and staff.

Campus Security Authorities & Authorized Officials Include:

Primary Campus Security Authority	Michael Crosby
President/CEO	Jeffrey D. Imbrescia
Director of Financial Services	Debra Wise
Executive Director of Education	Julian Imbrescia
Maintenance Supervisor	Rick Price (after hours only)

In addition to the authorized officials listed, the President/CEO may initiate, or designate any member of administration, staff or faculty, to be an authorized official, as necessary.

REPORTING CRIMES

If a crime is in progress or a health emergency exists, students and staff should immediately contact police, fire, or ambulance services as necessary. Shortly after contacting emergency personnel, students and staff must contact the Campus Security Authority.

Students and staff should report non-emergency situations to the Campus Security Authority.

Individuals reporting a crime or security issue to the Campus Security Authority will be asked to complete an incident report. Information on the form will be used by the Campus Security Authority to investigate reports of crimes and security violations. Local police will be contacted, if not already called, as deemed appropriate.

Victims or witnesses of a crime may report the crime (or alleged crime) voluntarily and confidentially for inclusion in DEC's crime log and possibly in the annual disclosure of crime statistics. The victim or witness should report crimes to the Primary Campus Security Authority, Michael Crosby. The victim or the witness of a sexual assault shall report the crime to DEC's Title IX Coordinator, Michael Crosby. Alleged sexual assaults will be investigated by the Title IX Committee. If it is determined that a sexual crime has been committed, the Title IX Coordinator shall meet with the investigating committee and determine the punishment by DEC and the victim will be told of his/her rights to notify and report to the police or local or state authorities.

If the crime is one that is addressed under DEC's Violence Against Women Act (VAWA) policy, DEC will follow the procedures set forth in the DEC catalog regarding investigation and determination.

Following a reported crime, the Campus Security Authority will determine if a timely warning should be issued to students and staff due to a continuing threat. The Campus Security Authority may consult with local police to assess the threat level.

The Campus Security Authority will track all reports of crimes and security incidents including dates, times, involved parties, and the resolution.

As required, Douglas Education Center submits its Annual Security Report statistics to the U.S. Department of Education. The Primary Campus Security Authority is responsible for submitting data.

DAILY CRIME LOG

Douglas Education Center's Primary Campus Security Authority maintains a daily crime log including the date the crime was reported, the nature, date, time,

general location and disposition of the complaint. The log is available to the public except when doing so would jeopardize the confidentiality of the victim, the alleged perpetrator, or an ongoing investigation.

Douglas Education Center does not have a campus police or security report and is, therefore, exempt from federal regulations requiring the maintenance of a daily crime log. DEC is doing so in a modified format to track criminal offenses and provide a basis for issuing timely warnings.

BUILDING ACCESS

Students, employees, and the public can access Douglas Education Center facilities during normal business hours and other times by appointment. Business hours vary by location.

Students, staff, and the general public must access the school via the front entrance located in the Mona Ruth Imbrescia Welcome Center.

Douglas Education Center locks all entries to the school when closed. Douglas Education Center only issues keys to authorized individuals or to those responsible for opening the school in the morning and closing it at night.

Also, electronic entry systems are installed in five DEC buildings (8th St Arts Building, Van Keulen Complex, The Factory Digital Film Building, The Medical Technology Building, and The Cosmetology Academy(access to the clinic area does not have an electronic entry system)). These systems require an electronic key fob and a PIN to gain access to the aforementioned buildings. These systems are controlled by the Information Technology Department and key fobs and PINS are assigned by the Information Technology Department. Access levels are set within the system to restrict access at certain times, days, or to certain buildings. Upon the students' graduation or withdrawal, their key fobs are immediately disabled. Upon an employee's resignation or termination, his/her key fob is immediately disabled. If an applicable emergency situation presents itself, DEC has the ability to fully restrict access to the fobbed locations.

SECURITY PROGRAMS

The Academic Affairs Coordinator, the Public Safety Coordinator, and the Campus Security Authority/Title IX Coordinator are responsible for arranging security and safety programming for students and employees. The Public Safety Coordinator provides training to inform students and staff about campus security policies and procedures at Douglas Education Center annually by October 1. All students and staff are encouraged to be responsible for their own security and the security of others.

Douglas Education Center provides a Drug and Alcohol Abuse Prevention Program that addresses alcohol and drug abuse prevention annually by October

1. All students and staff receive the DEC Drug and Alcohol Abuse Prevention Policy via direct email. The policy addresses the standards of conduct that prohibits the unlawful possession, use or distribution of illicit drugs and alcohol, the DEC imposed sanctions on students and employees, and legal sanctions for violation of alcohol and drug laws, health risks, and information for available professional counseling/treatment services.

Douglas Education Center provides a campus sexual assault program to promote the awareness of rape, acquaintance rape, and other forcible and non-forcible sex offenses. The educational program utilized is provided by Student Success and entitled "Not Anymore." "Not Anymore" is an interactive online program designed to prevent sexual assault, dating and domestic violence, and stalking. DEC requires this program to be viewed by each student within two weeks after starting classes. Incoming students are also given a 20 minute presentation on interpersonal violence education and prevention during Student Orientation.

In addition to these programs, the Title IX Coordinator also schedules other educational programs throughout the year which focus on sexual violence, dating violence, domestic violence, stalking, and bullying. These as well as other safety and security programs may be conducted throughout the year. Individuals with program suggestions are encouraged to share them with the Title IX Coordinator, the Academic Affairs Coordinator or the Public Safety Coordinator.

ALCOHOL VIOLATIONS

Douglas Education Center prohibits students from the unlawful manufacture, distribution, dispensation, possession, sale or use of alcohol or being under the influence of the same while attending or participating in school related activities on or off the school grounds. Douglas Education Center may refer individuals in violation of state and city underage drinking laws to police. A violation of these, or any of Douglas Education Center's alcohol abuse prevention policies, is cause for dismissal.

Consult Douglas Education Center's Drug and Alcohol Abuse Prevention Policy in the DEC school catalog for a complete listing of policies, procedures, and sanctions.

DRUG VIOLATIONS

Douglas Education Center prohibits students from the unlawful manufacture, distribution, dispensation, possession, sale or use of controlled substances or being under the influence of the same while attending or participating in school related activities on or off the school grounds. Douglas Education Center will refer individuals in violation of federal, state, and local drug laws to police. A violation of these or any of Douglas Education Center's drug abuse prevention policies is cause for dismissal.

Consult Douglas Education Center's Drug and Alcohol Abuse Prevention Policy in the DEC school catalog for a complete listing of policies, procedures, and sanctions.

WEAPONS VIOLATIONS

DEC believes an effective learning environment is one that is free of weapons that threaten students, employees, volunteers or visitors. Therefore, DEC has a weapons-free policy to minimize any harm or threats to students, employees, volunteers, and visitors. Any student or employee who violates this policy will be disciplined accordingly. Such disciplinary action may include dismissal, discharge, and/or appropriate legal action.

SEX OFFENSES

Douglas Education Center prohibits all forms of sexual discrimination as required by Title IX of Education Amendments of 1972. This includes sexual violence, dating violence, domestic violence, and stalking.

A student or employee who is the victim of sexual discrimination should immediately contact the police and/or Title IX (TIX) Coordinator, Michael Crosby. The TIX Coordinator will outline options for notifying police and assist the victim if desired. In cases of sexual assault, the TIX Coordinator will discuss with the victim the need to preserve any physical evidence of the crime. A victim will be provided a written explanation of their rights and

While Douglas Education Center has no on-site professional counseling staff, the TIX Coordinator will provide immediate crisis comfort to the victim. As soon as possible, the TIX Coordinator or the TIX Committee will provide a list of professional counseling centers for sexual assault victims. Informational brochures on Sexual Violence are available in the Admissions Department and Van Keulen complex. The TIX Coordinator will assist the victim in calling for counseling services if desired.

If more comfortable, a student or employee may report an allegation of a sex offense or any other offense to a Douglas Education Center staff member other than the TIX Coordinator. However, the Douglas Education Center staff member must immediately report the allegation to the TIX Coordinator, who will in turn report to the TIX Committee for follow-up and investigation.

Any incident of sexual discrimination will be thoroughly investigated by the Title IX Coordinator and Committee will conduct a thorough investigation into the incident and reach a resolution in a timely manner which is normally within 14 business days. Prior to an investigation, the victim will receive a written explanation of their rights and options.

During an investigation, the institution will make every effort to respect and maintain the confidentiality of the victim and other necessary parties as long as that confidentiality does not pose a safety risk to the rest of the institution. In all public record keeping, the terms “respondent” will be used to refer to accused and “complainant” will be used to refer to the accuser. All personal identifying information will be redacted whenever possible.

During the investigation, Douglas Education Center administration will make every effort to change the complainant’s academic situation after an alleged sex offense, specifically allowing the student to change class schedules to avoid the respondent while at school.

Depending on the severity of the allegation, the Title IX Coordinator and committee may determine that a formal disciplinary proceeding is necessary. The proceeding will be scheduled after contacting both the respondent and the complainant. The disciplinary board will consist of Michael Crosby, Title IX Coordinator; Diane Fox, Career Services Coordinator; Tony Baez Milan, Director of Admissions; Debra Wise, Business Office Manager; an individual which can be a school staff member named by the respondent; an individual which can be a school staff member named by the complainant; and a Campus Security Authority.

Both the respondent and the complainant will have the same opportunities to present their case including the presentation of any evidence or witnesses.

Both the respondent and the complainant will have the same opportunities to have others present during the proceedings.

Both the respondent and the complainant will be informed of the disciplinary board’s final decision with respect to the alleged sex offense and any sanctions imposed against the respondent.

Resolutions are based on the severity of the offense. Less severe offenses can be resolved by additional sensitivity training for the respondent or informal remediation between the respondent and complainant. Severe offenses will result in the dismissal of a student or employee. Douglas Education Center will dismiss a student or employee if the disciplinary board finds him or her responsible for rape, acquaintance rape, or another forcible or non-forcible sex offense.

Douglas Education Center’s internal disciplinary proceedings are separate and distinct from any legal actions taken by the accuser or against the accused.

Students and staff must make a specific request for information on sexually violent predators in Pennsylvania by accessing the Pennsylvania State Police website at www.pameganslaw.state.pa.us/searchresults.aspx .

Please refer to the catalog for more information on Title IX.

PERSONAL SAFETY

Douglas Education Center policies and programming encourage students and staff to accept full responsibility for their own personal safety and the safety of others. Douglas Education Center makes safety and security programming available throughout the year. Students and staff are strongly encouraged to take advantage of those opportunities.

Students and staff should observe the following safety tips:

- Secure all valuables. If possible, leave valuables at home. Do not leave personal belongings in unprotected, open areas. Engrave items with your name.
- Lock your car doors.
- Be aware of your surroundings.
- Don't walk alone.
- Report suspicious persons or circumstances to the Campus Security Authority.

While not liable for criminal activity on campus or during school activities, Douglas Education Center is concerned that students and staff are able to learn and work in a safe and crime-free environment. Douglas Education Center cannot guarantee personal safety, but has security policies and procedures in place to assist individuals. When a crime is committed, students and staff should report it to the Campus Security Authority for reporting to police, tracking, and resolution.

POLICY DISSEMINATION

Enrolled Students and Employees

DEC publishes its Annual Security Report and Campus Security Policy by October 1st of each year. By October 1st of each year, enrolled students and current DEC employees are provided with the updated Annual Security Report and Campus Security Policy by postal mailing, email or direct distribution. This report is also available on DEC's website at www.dec.edu/consumerinfo.

Prospective Students and Employees

Prospective students and employees are made aware of the availability of the Annual Security Report and Campus Security Policy and are provided a statement of the report's availability, a description of its contents, and an

opportunity to request a copy. Upon request, a copy of the policy and report are provided by postal mailing, email or direct distribution.

This report is also displayed in the DEC Learning Resource Center. Additionally, this report will be made available at any time to enrolled students and current employees, upon request. Requests can be made through the Admissions Department located in the Welcome Center.

The Director of Admissions is responsible for ensuring the distribution of this report to prospective and current students as well as current employees.

The Executive Assistant to the President is responsible for ensuring the distribution of this report to newly hired employees and will provide the necessary statement to prospective employees.

TIMELY WARNINGS

Douglas Education Center will provide a timely warning to the school community whenever the campus authorities have determined that a serious or continuing threat to students and employees exists. The following crimes, whether reported to the campus authorities or the police, are considered to represent a threat to students and employees:

- criminal homicide including (a) murder and non-negligent manslaughter, and (b) negligent manslaughter;
- forcible and non-forcible sex offenses;
- robbery;
- aggravated assault;
- burglary;
- motor vehicle theft;
- arson;
- arrests for violations of liquor and drug laws;
- arrests for illegal weapons possession;
- persons not arrested but referred for campus disciplinary action for liquor, drug, and weapons violations; and
- crimes listed above or otherwise result in bodily injury that show evidence of prejudice based on race, gender, religion, sexual orientation, ethnicity, or disability.

In addition to these examples, timely warnings may also be issued for other crimes that campus authorities have determined may pose a serious or continuing threat to the community, such as violent crimes or threats to persons or property. An example would be a kidnapping that has occurred on campus.

Instances such as these should be reported to a Campus Security Authority. The CSA will report to an Authorized Official who will issue the timely warning. Please refer to the “Campus Security Authority” section for a listing of these individuals.

Timely warnings will be determined on a case-by-case basis and will be based on the following:

- nature of the crime;
- continuing danger to the campus community;
- possible risk of compromising law enforcement efforts.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

1. Any and all members of DEC's administration, faculty, and staff will, and without delay, make a determination if there is a significant emergency or dangerous situation by evaluating the event and/or the environment to determine if there is a health or safety risk present. Significant emergencies and dangerous situations should be reported to an authorized official capable of notifying the proper authorities as well as other staff that will be needed during this event and initiating the notification system. The authorized officials with whom this information should be reported to are listed under "Authorized Officials."

2. Generally, the notification system will be communicated campus-wide. However, an authorized official may determine that only segments of the campus community need to receive the notification. This determination will be made on a case-by-case basis and will depend upon the situation itself as well as the level of health and/or safety risk that is present.

3. The content of the notification will be determined on a case-by-case basis by an authorized official. The content will be determined based on the situation itself as well as the level of health and/or safety risk that is present.

4. Authorized officials will initiate the notification system as indicated in "Communication During Emergency/Crisis Situations," unless doing so will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency. Any or all of the notification systems may be used. The determination as to which, if not all, notification systems will be used is based on the discretion of the authorized official.

Additional information can be found in Douglas Education Center's "Emergency Response and Evacuation Procedures." This document is distributed on an annual basis.

ANNUAL SECURITY REPORT

A key element of the Campus Security Policy is the Annual Security Report. The Annual Security Report identifies the frequency of incidents of criminal offenses, hate crimes, liquor law violations, drug abuse violations and weapons violations.

Crime statistics are compiled in accordance with the definitions used by the Federal Bureau of Investigation's Uniform Crime Reporting (UCR) system, Hate Crime Data Collection Guidelines and the Training Guide for Hate Crimes Collection.

The Annual Security Report covers the three most recently completed calendar years of data. For example, the October 1, 2016 report contains data for calendar years 2013, 2014, and 2015.

The Annual Security Report identifies whether criminal offenses or liquor law, drug abuse and weapons violations occurred on campus, at non-campus facilities, or on public property immediately surrounding the school.

- On-campus means a building or property owned or controlled by the school and used to support the educational purpose.
- A non-campus facility is any building or property owned or controlled by the school or student organization not within the same contiguous area that is used for educational purposes.
- Public property is all public property surrounding the school campus, immediately adjacent to and accessible from the campus.

Hate crimes are listed as a subset of all crimes reported. If there is no evidence a crime was the result of prejudice, it is not listed on the Hate Offenses charts.

If an individual was not arrested for an alcohol, drug, and weapons violations, but was referred for school disciplinary action, he or she will be listed on the Disciplinary Action Charts only.
